

## Sick Policy

If your child has an ongoing health problem such as asthma, allergies, etc., please inform their teacher so they are aware of the proper procedures to be taken.

If your child has a temperature above 99.9, the child is required to stay home. Parents are requested to recognize if their child is not feeling well, for whatever reason, contagious or not, and should be kept home. If your child will not be attending school, for any reason, please call, text or email their teacher as soon as you know. Teachers must be notified of any absences in the classroom.

***\*\*\*The child must be fever & vomit free without fever reducing medications for 24 hours before returning to school\*\*\****

Children that are not feeling well during school will be separated from other classmates with the aide, and their parents/caregivers will be called to come get the child.

*If your child is sick for more than 5 consecutive days, a doctor's note is required upon returning to school.*

The Learning Tree Nursery School Inc. will be following the Oyster Bay East Norwich Central School District, the Diocese of Rockville Center, as well as the Nassau County Department of Health for covid procedures & mask wearing policies. When there are updates, we will send emails once we are notified and given direction of any changes in procedures.

Please sign and return to acknowledge our sick policy.
